

Rev. 6:2 I looked, and there before me was a white horse! Its rider held a bow, and he was given a crown, and he rode out as a conqueror bent on conquest.

Three key words separating first horseman from the others: white, bow & crown. But this is a Greek text, so we need to look at the Greek.

Greek to English-

"And I looked and behold a horse white and the sitting on it having a bow and was given to him a crown and he went forth overcoming and that he might conquer."

Bow in Greek is TOXON. It shoots arrows. Arrows in history were used to deliver poisons at victims. I was informed only hours ago that Pastor Steve has already made the connection to toxin.

Crown in Greek is CORONA. Although the term corona was first used in English in the 1500s, it was borrowed directly from the Latin word for "crown."

Horses are symbols for rapid delivery and this one was white.

Summary of First Seal/White Horseman

A WORLDWIDE EVENT [broken seal] RAPIDLY [horse/
bow & arrow] POISONS VICTIMS EMPOWERING
[crown] THE POISONERS [represented in white].

The Four Horsemen are world events, the beginning of the breaking of the Seven Seals. And the seals need be broken to usher in the reign of Apollyon. In Revelation 9:11 we read-

"And they had a king over them, which is the angel of the bottomless pit, whose name in the Hebrew tongue is Abaddon, but in the Greek tongue hath his name Apollyon."

Apollyon, or DESTROYER, is believed by many to be same as Apollon, or Apollo, the Greek god. In fact, Apollo's throne is mentioned by Pausanius as having been built around the 6th century BC. Here is a picture. Notice Apollo stands holding a bow with no arrows.

The apocalyptic narrative is of the SEALS being broken to open the gate of the Abyss. The objective here is to RELEASE APOLLYON.

Who Was the Ancient Apollo?

god of ARCHERY

His arrows spread pestilence [Homer's Iliad, the Greeks were assailed by a plague sent by Apollo. Homer's details are realistic: first to sicken from Apollo's "black arrows" were the pack animals and dogs; then the men began to die]

god of PROPHECY and oracles [Revelation is a prophetic text]. Oracle of Apollo.

God of HEALING, PLAGUE and DISEASE

He was anciently called, The Physician

Common theme of Apollo is the 'protection of children.'

His wife was named Coronis [CORONA]

By Coronis he had a son named ASCLEPIUS [god of MEDICINE]. Here is a picture of the symbol of Asclepius.

Asclepius was educated by Chiron [the Hand], a WHITE centaur. Half horse, half man, the centaurs were known for their mastery of the BOW and ARROW. The phrase Four Horseman is not found in the Bible, but is a description assigned to the first four seals. In Greek the word RIDER is not found but interjected in the translations. The First Horseman is most likely Apollo as centaur, a hybrid.

The Hippocratic Oath [hippo means HORSE] began with the invocation, "I swear by Apollo the Physician..." This oath is ancient and a hallmark of today's medical profession.

Revelation 18:23 Condemnation

...for thy merchants were the great men of the earth; for by thy sorceries were all nations deceived.

The Greek word for 'sorceries' here is pharmekaia

PHARMACEIA (Pharmakeia), the nymph of a well with poisonous powers.

Words like pharmacy, pharmaceuticals and pharmacist (G5332) are all rooted in the Greek word, Pharmakeia.

The Strongs Concordance number G5331, describes Pharmakeia as magic, sorcery, enchantment, occultism,

witchcraft and the use of drugs, poison, spells or medicine

What Opened My Eyes?

Job, suffering boils, in chapters 16 and 17 says-

His archers compass me round about, he cleaveth my reins asunder, and doth not spare; he poureth out my gall upon the ground. He breaketh me with breach upon breach, he runneth upon me like a giant. My breath is corrupt, my days are extinct, the graves are ready for me.

Here is what I read- ARCHERS are sickness/boils, CLEAVETH MY REINS is stomach sickness and REINS is horse symbolism, POURETH OUT MY GALL is vomiting, BREAKETH me [breaking the Seal], running upon me like a GIANT [pharmaceutical giant]. MY BREATH IS CORRUPT [pulmonary covid complications], the GRAVES are ready for me [Hell and DEATH follows in the Seals].

Irra Epos

In Akkadian cuneiform tablets of the Irra Epos we find that this god shoots arrows that cause pestilence. In fact, in the Irra tablets we find many of the very things mentioned in the Book of Revelation.

Babylon, the Seven who were created in ancient times by Anu [the Eighth], these Seven being terrifying and destructive and given power to DESTROY the world. These Seven are feared by the survivors of the Flood

and they are said to be a different group than the IGIGI and ANUNNA in the ancient tablets.

This is what the Revelation record says- (Rev. 17:10-13)
SEVEN KINGS of the EIGHTH.

Calendar Round of ancient time-keeping systems was 20 years. The Sumerian sexagesimal system was divided in 20 year segments as was the Mayan Long-Count and the Aztec Calendar, called the Calendar Round. It was a cycle carefully watched because its end was often disastrous. Prophetic texts tell us the Last Days will be like the days of Noah, and in his days this system was observed. So it's not hard to see that 2020 is exactly 20 years before 2040, the next Phoenix year.
